Vesta 5" Plank in White and Tourmaline | TruCedar® 6" Board & Batten in White
Vesta 5" Plank as Porch Ceiling in Sand Dollar | Fascia, soffit and rainware in Black

THE HOME'S FIRST CHOICE FOR ARCHITECTURAL STEEL CLADDING

Designed to create an iconic building aesthetic that will look the same as the first day it was installed, Vesta Steel Siding® is competitive in every way to the classic and upkeep-heavy, wood shiplap. Long and narrow panels seams create a subtle reveal for a maintenance free solution that's an investment you can count on.

ALMOST EVERY RENOWNED CITY HAS ITS OWN LANDMARK STEEL BUILDING, WHICH IS THEIR ICONIC IMAGE. IT IS A KEY COMPONENT THAT MAKES THE CITY DIFFERENT, DEMONSTRATING STRENGTH AND REPRESENTING ITS LONGEVITY.

San Antonio, Texas | Vesta 5" Plank in Aged Walnut

ENDURING COLOR, BORN TO LAST

Love rich colors? Deep, rich and realistic colors last thanks to the Vesta Steel Siding Kynar® PVDF Fluoropolymer coating. Kynar is superior at effectively reflecting the hot, harmful rays of the sun to prevent fading and chalking plus forms a thick film barrier that provides resistance against wear and chips. At Quality Edge® we've designed an investment you can count on with a Lifetime Limited Warranty.

"ARCHITECTURE
IS NOT ABOUT SPACE
BUT ABOUT TIME."

-VITO ACCONEL

THE ARCHITECT'S FIRST CHOICE

Kynar paint resin delivers long-term durability that is unparalleled in the industry. Originally high-performance finishes for architectural metal, Kynar PVDF resin-based metal coatings now provide protection against weather, aging and pollution on commercial, institutional and residential buildings around the globe.

"BUT IF YOU INVEST IN BEAUTY,
IT WILL REMAIN WITH YOU
ALL THE DAYS OF YOUR LIFE."

-FRANK LLOYD WRIGHT

Grand Haven, Michigan | Vesta 5" Plank in Driftwood and Autumn Thistle

THE LOOK OF WOOD, WITHOUT THE MAINTENANCE

Keep costly repairs out of sight. Vesta Steel Siding won't melt in the sun or crack in the cold and resist moisture problems that can lead to mold, mildew and wood rot. Compared with traditional siding, steel siding is durable, and doesn't need recaulking or repainting over time. This means you can spend years and years loving where you live without the worry of maintenance.

"YOU'LL NEVER NEED TO
REPLACE IT, REPAINT IT
OR INVEST IN COSTLY
MAINTENANCE."

-THIS OLD HOUSE

West Olive, Michigan | Vesta 5" Plank in Coal

THE PERFORMANCE OF STEEL AGAINST NATURE

Don't worry about the elements. With an innovative steel core and dependable shiplap configuration, Vesta provides unmatched impact resistance and doesn't wick water and rot overtime like other siding materials. Plus, it holds up to exposure from wind, fire, hail—anything Mother Nature throws at it.

“THIS MODERN STEEL ADAPTATION
OF TRADITIONAL WOOD SHIPLAP HAS A PERMANENCE
WE COULDN'T FIND WITH OTHER PRODUCTS.”

-FAMILY HANDYMAN MAGAZINE

Extreme Weatherability

Vesta Steel Siding was engineered to provide triple-threat weather defense. Long and narrow stacking seams form a flat, weather-resistant surface. Built-in breathing ducts promote air circulation between joint seams and behind the building surface.

With its Class A fire rating, Vesta is noncombustible and fire-resistant. Because of rigorous testing, you can feel safe and at ease knowing your home is protected.

ANTICORROSIVE CARBONTECH90™ ZINC BARRIER

Every square inch of Vesta Steel Siding is protected by CarbonTech90, a galvanization process that applies an anticorrosive zinc barrier to an already-popular siding alternative that's been around for almost 100 years.

A Long History of Protection

The term galvanization was first used to describe the process of applying a coating of zinc to a steel surface. This technique has the long history of providing corrosion protection, while simultaneously being developed in France as well as in England in 1837. The method employed then was to manually dip metal sheets into a hot bath of molten zinc. Within two years, galvanized metal became popular for roofing applications in Europe and the U.S. for their resistance against corrosion.

PERSONAL EXPRESSION IN DESIGN

Much like the evolution of fashion, exteriors are increasingly becoming less about what's trendy and more about personal expression. A key example of this is minimalism and maximalism in design today. As the line blurs between these two approaches, people are feeling empowered to break the rules, mix things up and discover what they love, including combining warm woodgrains with solid colors to blend style lines and provide contrast.

TIMELESS CHOICES, ENDLESS POSSIBILITIES

Designed to echo the veins and tones of natural wood, six unique and intricate hand-drawn panels make up every Vesta Steel Siding woodgrain color. Panels are distinct enough to create an impactful, signature wood look that is as beautiful up close as it is far away. Pair Vesta woodgrains with solid colors to naturally accentuate a range of diverse styles.

Vesta 5" Plank in 482 Gilded Grain [GILD]

“EXTERIOR WALLS OF YOUR HOME IS A GREAT WAY TO BOOST STYLE, AND IT’S SAFE TO SAY THAT SIDING IS HAVING A MOMENT.”

-HOZZZ

Patent-Pending HD3 Woodgrain Colors

A patent-pending, high definition, tri-color paint application that captures light, medium and dark woodgrain details, creating a multidimensional and naturally accurate look that’s engineered to maintain its color for a lifetime.

Intuitive Solids

Vesta Steel Siding Kynar coating is so effective at protection, you can choose among the boldest dark solid and purest bright neutral colors. The palette was designed to be disciplined and intelligent for creating timeless designs. The numerous yet simple options of color pairings create style and combine with natural woodgrains to reflect the natural surroundings.

Vesta 5" Plank
in Autumn Thistle and Coal

484 Dark Espresso [DRKE]

Profile: 5" Plank
Panel Length: 8 ft
Material: Steel
Paint Finish: Kynar 500 HD3 Woodgrain in Matte Finish
Application: Vertical, Horizontal, Porch Ceiling or Soffit

485 Aged Walnut [AWAL]

Profile: 5" Plank
Panel Length: 8 ft
Material: Steel
Paint Finish: Kynar 500 HD3 Woodgrain in Matte Finish
Application: Vertical, Horizontal, Porch Ceiling or Soffit

480 Autumn Thistle [ATHS]

Profile: 5" Plank
Panel Length: 8 ft
Material: Steel
Paint Finish: Kynar 500 HD3 Woodgrain in Matte Finish
Application: Vertical, Horizontal, Porch Ceiling or Soffit

482 Gilded Grain [GILD]

Profile: 5" Plank
Panel Length: 8 ft
Material: Steel
Paint Finish: Kynar 500 HD3 Woodgrain in Matte Finish
Application: Vertical, Horizontal, Porch Ceiling or Soffit

481 Driftwood [DFWD]

Profile: 5" Plank
Panel Length: 8 ft
Material: Steel
Paint Finish: Kynar 500 HD3 Woodgrain in Matte Finish
Application: Vertical, Horizontal, Porch Ceiling or Soffit

483 Sand Dollar [SNDR]

Profile: 5" Plank
Panel Length: 8 ft
Material: Steel
Paint Finish: Kynar 500 HD3 Woodgrain in Matte Finish
Application: Vertical, Horizontal, Porch Ceiling or Soffit

463 Coal [COAL]

463 Coal [COAL]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

462 Silver Lining [SVRL]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

465 Sea Glass [SEAG]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

414 Ironstone [IRNS]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

414 Ironstone [IRNS] 5" Plank Vertical Siding and 481 Driftwood [DFWD] 5" Plank Soffit

466 Tourmaline [TOUR]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

503 Eggshell [EGG]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

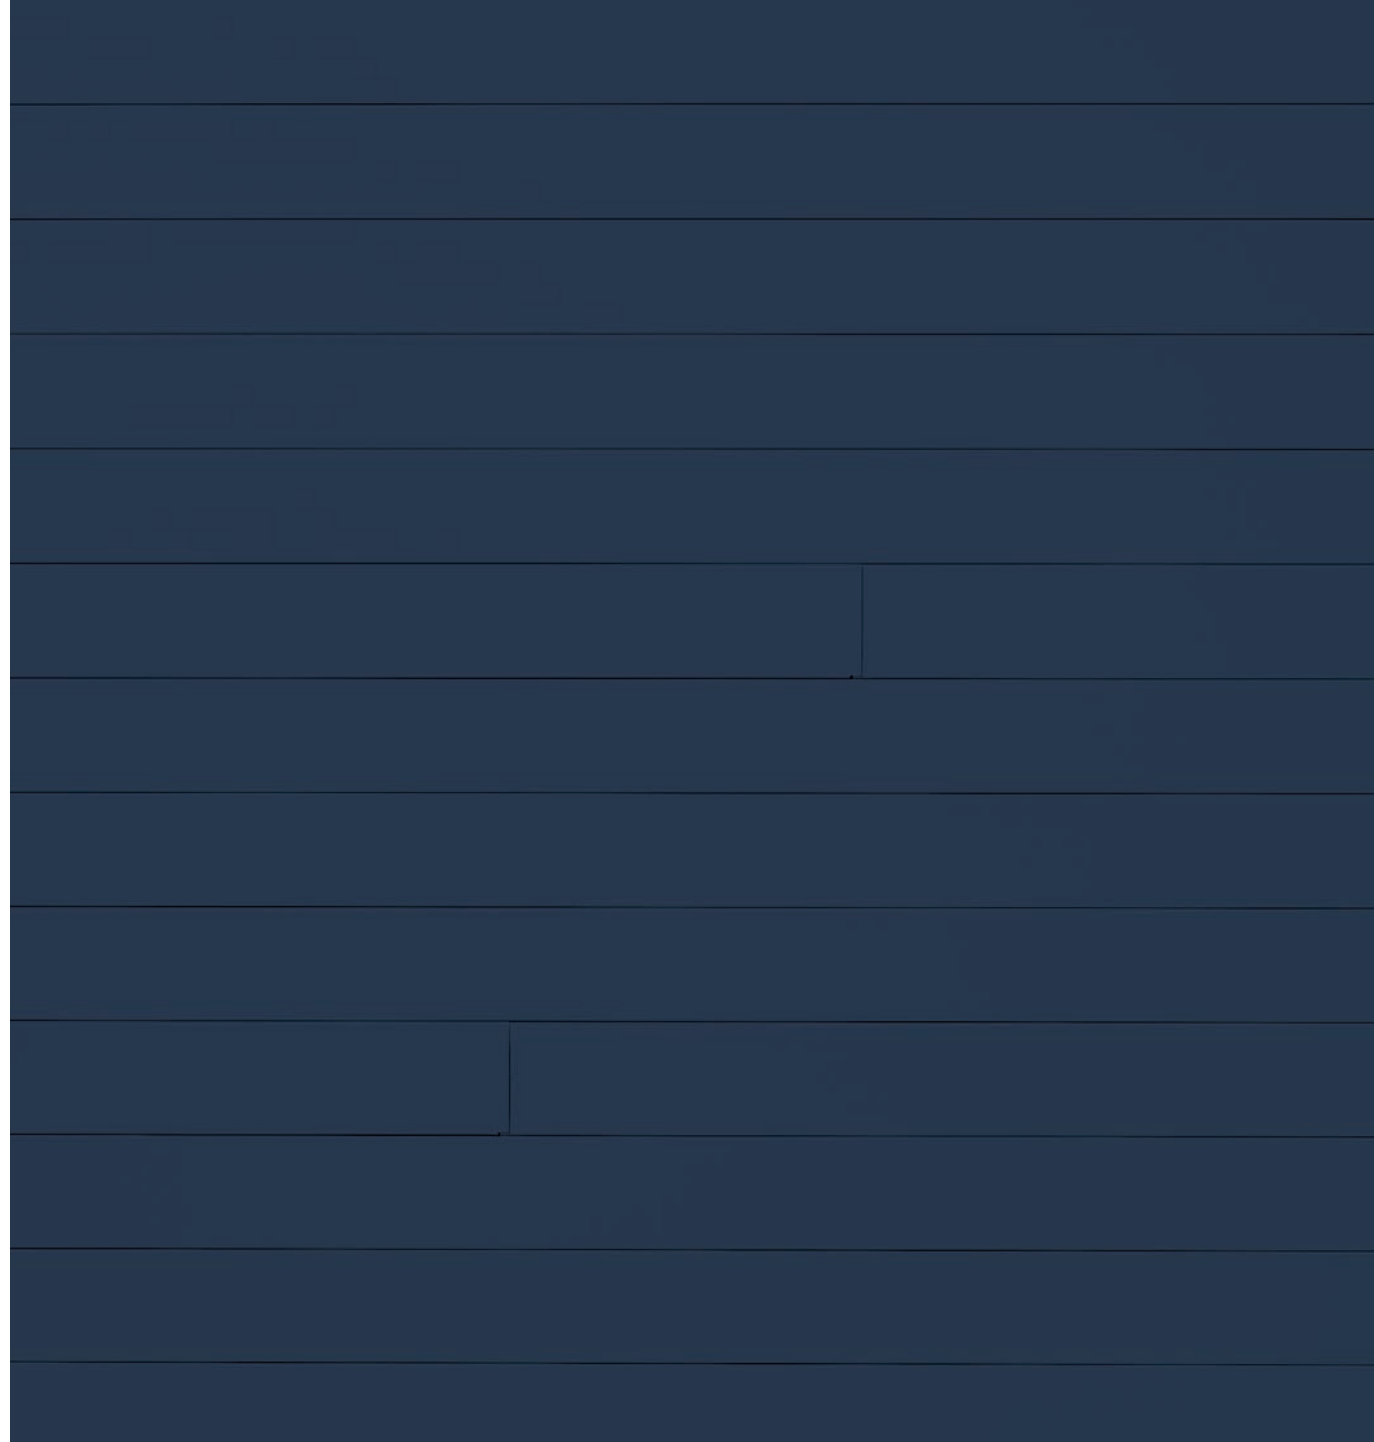

280 White [W] 5" Plank Horizontal Siding and 280 White [W] 5" Plank Porch Ceiling

280 White [W]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

470 Midnight Blue [MNBLU]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

467 Evening Shade [EVES]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

468 Fawn [FAWN]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

469 Fresh Canvas [FCAN]

Profile: 5" Plank
Panel Length: 12 ft
Material: Steel
Paint Finish: Kynar Solid Matte Finish
Application: Vertical, Horizontal or Porch Ceiling

"I DON'T THINK THAT ARCHITECTURE
IS ONLY ABOUT SHELTER...
IT SHOULD BE ABLE TO EXCITE YOU,
TO CALM YOU, TO MAKE YOU THINK."

PATENTED DESIGN SOLUTION

Vesta Steel Siding panels easily stack to provide a consistent reveal whether installed vertically or horizontally. Interlocking and stacking panels are specifically contoured to provide swift and gap-free assembly. Panels form element-tested channels that divert moisture out and away from the surface seams while breathing ducts promote air circulation between joint seams and behind the building surface.

FIGURE DESCRIPTIONS:

SOLID AND WOODGRAIN COLORS

The Vesta color palette was designed to bring style to the exterior of a home. Each of the woodgrain colors consist of six unique grain configurations designed to resemble the natural variation of stained woods that results when several features interact, including irregular grain, rays and color deposits on the surface of wood.
